

QUICK APPLE COBBLER

(Serves 12)

- 
- 2 cans of apple pie filling
 - 1 lemon (or lemon juice)
 - 2 tsp cinnamon
 - 1 package yellow cake mix (dry)
 - 1 cup chopped walnuts
 - 2 sticks margarine, melted

Put apple pie filling on the bottom of an ungreased 9x13 baking dish (preferably glass). Squeeze half of the lemon's worth of juice over the apples. Add lemon zest if wanted. Sprinkle the apples with 1 teaspoon of cinnamon. Pour the cake mix over the apple filling, covering completely. Sprinkle with remaining teaspoon of cinnamon. Layer on the walnuts covering the cake mix. Pour melted margarine evenly over entire cobbler. Bake for one hour, uncovered at 350 degrees.
